Another toy working bee has been well attended thanks to those members who attended. We now need to count our toys in preparation for 'KidsFest' and Christmas.

During our last toy working bee both our Bobbin sanders failed. One has been sent out for assessment and repair, and the other one was repaired on site thanks to Willis.

Work on the saw mill has slowed a little but is still progressing. Parts, alterations and modifications are all taking time.

A third security camera has been fitted to the back door and the monitoring of cameras has been sorted thanks to Chris. Drop bolts have also been fitted to the back door.

We have had an enquiry from the cycling club as to why our exterior lights are on some nights and not all the time. They are experiencing security problems and would like to see us fit motion activated security lights.

I recently had a visit from a chap that I made a coffee table for a long time ago, with a very different request. He had a very large table with a badly damaged undercarriage. "*Is it worth saving?*" he asked. A 2.4m x 1.5m (8'x 5') is a large table and it is now at the clubrooms as a club project, with proceeds from the cost of the repairs going to the club.

We need to make a start on our Woodshow raffle prizes, please help. Items for the show come from the following:

Red Gum coffee table	Round mirror	Cheval mirror
Hamper of toys	Ladder towel rack	Segmented item
Bike rack	Document box	Hamper of kitchen utensils
Vouchers	Doll house	

Our next meeting is the AGM. Please support the club by attending.

Note for members and Supervisors: any breakages or damage that can be corrected (eg bandsaw blades), needs to be reported to the Supervisor so they can be changed or repaired and not left for the Supervisor the next time the club is open.

September is going to be a busy time. Please check dates and help where you can.

Len

COMMITTEE GENERAL BUSINESS

1. Supervisors need to ensure that all lights are turned off and that the alarm is turned on when leaving the premises. 2. A procedure manual is being compiled to ensure that information regarding club activities is available if needed. 3. Nominations for the committee and executive close at midnight. 4. A number of items have gone missing from the workshop, especially from the lathes, which are costly to replace. Each of the 4 small lathes will have a box made for the accessories with the accessories and the lathes being colour coded to each other in an attempt to eliminate this problem. Remember we are all responsible for returning the equipment to its rightful place after using it. 5. Supervisors need to be aware that wood chips have been jamming the rollers on the thicknesser preventing them from turning and therefore need to be checked regularly. 6. Show & Tell prize to be drawn at the AGM. The club competition for the AGM is a decorated turned wooden doll. Athel showed members examples of dolls. 7. Badges for wearing at the club rooms are being prepared and will be stored on a board at the sign in point. Members will be required to wear a name badge whilst at the club which can be left on the board when signing out. 8. Melbourne Woodshow 9th-11th September, names for a possible bus trip to be put on the board. 9. Treadle lathe restoration to recommence – Baden Howe offered to complete the project. 10. Tray trucks were very popular at the recent Riverside Plaza kid's workshops but greater quality control is needed, particularly with some of the truck trays, wheels and axles not being up to standard. 11. As the slabbing saw project is completed the area is to remain clear for other projects. One project pending is the renovation of the 'woodshow shelving' in an attempt to make it more user friendly. 12. Concern has been expressed about the number of drive spurs and tail stocks being damaged and, as a consequence, a workshop on spindle turning and bowl mounting is to be organized. 13. The committee has decided on the following items for the 2017 woodshow raffle prizes; Redgum coffee table, Ladder towel rack, Bike rack, Cheval & round mirror, Toy hamper (natural timber), Hamper of wooden kitchen utensils, Document box, and a segmented item. Ray McDonald offered to donate a round mirror and Rupe Brown offered to donate a dolls house and Don McCrabb offered to make the segmented item. 14. Dates to remember; 17th-18th September – KidsFest, 4th September – Shepparton Heritage day demonstration, 1st September – Bunnings father's day demo – yet to be confirmed. 15. Michael Torbeky offered to engrave to trigger clamps purchased from Aldi. 16. Rear door security has been upgraded and security camera covering the rear door installed. Supervisors need to ensure that this door is open at the start of each session as it is an emergency exit. 17. Membership application from April Betheras has been approved. 18. Riverside Plaza kids' workshop was successful with 289 names being burnt onto toys, \$561.05 in donations and \$216.00 in toy sales being received. Over the 5 days we had an average of 11 members assisting each day, thanks to all those members. An invoice has been submitted to Riverside Plaza for our attendance. 19. Bobbin sander has been repaired and the vacuum for the Gifkin jig table hardwired to the system.

GENERAL BUSINESS:

1. Nancy Vibert Children's Centre has asked that we conduct a workshop with their children – approved. 2. We have received a request to renovate a large table found in the middle of the Hume Highway recently; it was decided to undertake this as a club project.

GENERAL BUSINESS CONTINUED...

3. Ray McDonald and Chris Harvey have information regarding lathes and accessories for sale. Helen Taylor to disseminate info via text or email. 4. Members are reminded that subs are due. 5. Len Taylor reported that Saw master charge between 40-50 cents per tooth for blades to be sharpened, Mark Dingey is still cheaper.

Raffle:

1st Prize – Perrie Bullock – Peppercorn timber., 2nd Prize – Leo Hegarty – Poplar timber.
3rd Prize – Ray McDonald – Shellac., 4th Prize – Geoff Pinkerton – Silver Wattle timber
5th Prize – Ian Powell – C.W.S. Catalogue, 6th Prize – Chris Harvey – Tile , 7th Prize – Helen Taylor – Red gum timber, 8th Prize – Bob Beecroft – Round Hinge

Demonstration: Members were shown instructional video of using a scroll saw.

Meeting closed at 8.35 pm
