PRESIDENT'S PAGE

As I write this page we have just had our last Woodshow committee meeting, well I hope it's the last if all goes well.

The change of venue for the last general meeting held at the Peppermill Inn Hotel function room was according to all reports a success, all we have to do now is better it for the next bi-monthly less formal meeting.

As mentioned above it's woodshow time which means Woodshow raffle time, please try and fill your allotted time and if you can't organise with another club member to do a swap or a fill in.

I must say thanks to those club members who made the raffle prizes and they look good, Thanks to Helen Taylor for organizing the collage photos and the large poster photo's.

Having a bit of an issue with the large banner that usually goes on the Aussie Hotel balcony as the publican received a directive from Council to take down all banners, What's going on with our council..No-banners, lost applications what next. ?

Friday 10th March is set up day at East Bank and the first things that need to be done are setting up of Sales Office and display shelving. The shelving will be poaded the day prior or days prior by the nominated team as per duty roster.

If I have missed a duty for any member please let me know or you will be away please let me know, you may have done this already but please remind me..I am getting older.. Do not hesitate to call me regarding Woodshow changes or suggestions. All the best for our Woodshow

Len.

Minutes of General Meeting

Minutes of General Meeting Woodturners of Goulburn Valley held at Peppermill 16th Jan 2017.

Opening ; President Len Taylor declared the meeting open at 7.40 pm and welcomed guest speakers Jenney Coldwell from very special kids and Jess from Community Accessibility.

Apologies; Seven apologies were received, this was moved by Ros Wright and seconded by Helen Taylor.

Len called on Jenny to give us a run down on the working of Very Special Kids, what they provide, funding that they get and funding shortfalls. Her main focus was on how siblings cope or don't cope with the loss of a brother or sister and the use of a memento box with little reminders of their lost sibling. As a person involved in the making of the boxes is no longer able to do so, she asked if a member or members could make some as per the sample she brought along.

Thanks to Ray Mc Donald who volunteered to make the boxes.

Jess from Community Accessibility thanked us for the two generous donations and explained where some funding comes from and the funding shortfall.

Jess went on to explain how and when those needing transport to appointments were picked up and returned. Their drivers are all volunteers and she would like more volunteers.

Both speakers left us information folder that are available from our office.

Thanks to both speakers.

Lions Club Mooroopna Farmers Market ...15th Jan 2017

It was an early start for Sunday morning, out of bed at 5.30am for a setup time at 7.30am at Mooroopna as the market kicks off at 8am.

The Club Ute was loaded the day prior and after contacting Mooroopna Lions three days prior to confirm our site, I was told we didn't need our Club Gazebo as they have a caravan with rollout awnings they use for Community groups. Upon arriving we had somewhere to store all our gear as in empty toy box's and members bags once they were displayed on the trestle tables. There was a bit of a hold up with the power but once that was connected to the caravan we were organised . Greg and Len turned shopping bag carriers which were popular, Helen S and Geoff B turned pens on their Mimi mini lathe. Annie handled the pyrography, Jan sold raffle tickets with Annie and Glenda looking after the toy sales.

When Greg was turning Len stood out the front and handed out woodshow flyers and encouraging the passing public to buy a Raffle Ticket, this must have worked as we sold five books and a few toys. Giving the Hobby Horse a test ride at the venue didn't seem to attract any more buyers, have to think of something different next time.

FOOT NOTE : It was very disappointing to see that someone or two had poured used sump-oil over the seats and floor of the covered area at the venue. Bloody hooligans...

Thankyou Len.

VALE MARGARET ADAMSON

We first met Margaret at a Neighbourhood Watch Meeting some fourteen years ago. She was with her daughter Beryl O'Connor. She had just moved from New Zealand to live in a Granny Flat with the family.

In New Zealand had done some woodturning and was interested when we told her about the Woodies. She joined up and although rheumatism prevented her from turning, she was very interested in everything that went on at the Woodies, particularly the demonstrations, and helped out on Bulk Sales and the door at some of the Woodshows. Margaret took up diving in her s3venties and participated in several Master games, one of which she had a 14 hour overnight bus trip, then four trains to get to Homebush for the games, all on her own at 82 and won a gold medal.

A very inspirational lady who will be missed.

31 July 1940 – 6 January 2017

Born in Stockton on Tees in County Durham UK.

It was a historical ship building town. Which could explain his boating passion in his later life. A boiler maker by trade in Stockton at ICI where he worked in the UK for 8 years until his dream of a life down under made him look afar and come to the antipodes as a 10 pound Pom. He first arrived in Perth Australia 25th July 1963 just before his 23rd birthday.

Working in the Scaffolding Business for 15 years before setting up his own company in the construction industry in the 1980's. He worked on major Projects in Adelaide, Melbourne and Brisbane.

He had a keen sense of honesty, justice, as well as being a good debater and his personal integrity was beyond reproach. He met Carol Kirschberg in 1979 and they settled down along with Jason, Carol's son. Living in Brisbane for 15 years then moving to Shepparton and then finally Tungamah for last 13 years.

He was a passionate Boat Owner/Fisherman, Skeet Shooter, Wood Turner, a fierce Darts Competitor and Handy Man, these were the things that made Keith the most happiest.

PAINT FOR TOYS

Neil Armstrong and Don Mc Crabb put in several hours opening every tin of paint in the toy area, Checked the contents, stirred them and put a drop of the colour on the lid. When you are looking for paint there is no need to remove the lid to know the colour of the contents.

Please do not stack the tins on top of each other, this will make it easy to find the colour you are looking for.

We should not have to purchase paint for the toys for quite a while.
