Vice President - Perrie Bullock

Workshop Manager - Willis Mundy

Committee Members

Vern Marven, Athel Chapman, Bob Beecroft,

Geoff Baker, Baden Howe.

Newsletter Editor - Don Mc Crabb

Almoner - Lorraine Noonan

PRESIDENTS PAGE

We now have less to complain about in regards to the cold weather, the days are now getting longer. Thankyou to Perrie for doing the " Vice Pres. page " when I was out of action.

Thanks again to Perrie who along with Willis went down to Melbourne and picked up Bandsaw Blades. I on that same day was guest speaker at Mooroopna Probus Club, I told the audience all about our club.

Then in the afternoon I attended the funeral of John Griffin (Past President).

We have had one meeting with some of the Workshop Supervisors as an update, another will be organised to cover the rest of the supervisors. A date is to be set regarding a Timber Sales day at Alex Trotters so members can purchase milled timber for their needs. Talking about milling timber we milled some Silky Oak for a chap from Nagambie who is restoring a boat and wanted the Silky Oak milled thin to line the inside of the boat.

I have just got word that the bits and pieces for the Furphy Water Cart restoration job have arrived, as we have the Redgum timber for the shafts it will be all go.

If anyone needs firewood timber there is mill ends at Alex's place at a very reasonable price, donation to the Club, some will be dry and some green which means some for this winter and some for next. Please assist our new members in anyway you can and make them feel welcome.

Our next Toy working bee is on Sat.21st July, lunch will be provided. Keep Turning Len Taylor

2. CWC - Information Update
3. SPC - Thanks
4. Austpost – Post Office Box authorization Bunning's –
5. Bunning's B.B.Q. Confirmation

COMMITTEE BUSINESS:

Workshop sales missing \$90-\$140, no trace of money and cannot track who owes. From now on there is No Credit Allowed! Supervisors to keep locked. Price list will be made and kept in cupboard. Please bring cash for sales. Please ensure sales are written in the book!

Supervisor Meeting 19th June 12 Noon.

Newbies Sessions - Wed 20th June (Sharpening) and Thu 28th June 5pm-6pm. Some interest in extended sessions.

Australian Woodturning Exhibition – Fri 22nd June to Sun 24th June.

Probably going Fri 22nd.

Sawdust free for members – please take as needed, plenty there, please supply own bags! Make sure you are using masks if you're transferring sawdust.

Accreditation – System needs to be in place and moving members forward in getting accredited. Looking at changing to a 10 Square Tick Box and 2 Signature. Individual sheet per member, member gets supervisor to check off at the end of the session. When they have 10 ticks on a machine, they can get tested for accreditation.

Furphy – Restoration of Water Cart – Len sourcing poles from Envisage, some shaping to be done.

Timber Milling – Timber now suitable for Sales. We will soon have a wood sale day with a BBQ at Alex Trotter's. Cheap sales to members, and will demonstrate the Mill.

Bunnings BBQ – 9th Sept – Trish attended the Induction at Bunnings on the 14th June. Thanks Trish!

Lathe Tools Missing – New boxes to be made with same keyed padlock, with outline of tools, supervisor to check on return. Members need to ask for a set of lathe tools (not chisels).

Fees – CPI is \$5 per 2 year, 1985 -\$40 equates to \$116 in 2017, missed out on \$78,000 in membership fees over the 30+ years. Currently \$4840 in subs, not breaking even for rent. The raffle is currently being used to fund the club, but may not be viable at current takings. In the past Subs would

have to run the club, now we rely on fund raising. The committee / members need to discuss how we finance the club in the future.

Sharpening is not to specs - Scrapers at 45deg, members need to be accredited to sharpening club tools. Please see Perrie for tuition.

Letter of apology to be drafted to Echuca Members, re supervisor not showing up (Baden replaced Carl)

Commercial use of Machines - Some members are putting commercial quantities of work through the machines. This needs to be negotiated, as this is putting greater wear on machines. Supervisors to set fees for extended use of noisy room.

Lunch room could do with a whiteboard to notify members of new info at smoko.

Carousels - not a kids kit, assembly needs to be fine tuned.

Toy workshop on Saturday 21st July.

GENERAL BUSINESS

Helen Mullins - Example of a great Woodshow at Malany. Need to come and have a look, Commercial vs Club run. Over 100 sites, well worth the trip

Invite to do a demo at Emerald Bank Heritage Day - Which is Fathers Day - no volunteers.

Alex Woodies to be invoiced for Clamps \$300.

Invoice needed for Kids Fest.

Meeting with the council tomorrow, regarding the Xmas decorations in the Mall

MEETING CLOSED: 8: 12PM..

MEMBER BEHIND THE BADGE.:

Robert Osborne - 48 Married to Helen with 2 wonderful kids, Jessica (8) and Emily (6). Grew up St Albans, went to Tech school. Came up from Melbourne 8 years ago, now living in Invergordon. Worked at Telstra as an Apprentice Technician, Payphones, Office. Then to Colorbus which make software and hardware for the printing industry. Now works for Zoomorphix, who make software for the licensing and certification industry in the USA. Has done quite a bit of construction and DIY ,now looking at work working as a hobby.

Helen Everist - Now a member for two months, thanks for being so welcoming. Did some work working in High School. Grew up on a farm, did her education in Melbourne, but came back to Shepparton to live. Married to Glen. Worked in various rolls, as a barmaid and at Target to get through Uni. Qualified as a registered nurse and worked at the Austin originally. Moved to Community Health, worked in Rumbalara for 19 years. Also worked for GV Health, currently with Primary Connect and Melbourne Uni supporting Indigenous Nursing Students, loves Mountain Walking, Fishing, Sport. Has three kids - Meg (20), (Ella (14) and Fergus (16).

Max Gillard – Born 1948, in Gawler close to Ulverstone in Tasmania. Left School at 14 and became a fettler for the railway. Became an apprentice Motorcycle Mechanic at 16, getting 2 pounds 10. Worked again at the railway, became a fireman, tried to become a driver, but was colour blind. Came to Victoria, and worked for the SEC maintaining the 21 miles of conveyor belts from the open cut mines in Yallourn. Went to Kerang farming, then worked for himself cutting Posts. Applied for a job at the Swan Hill food processing plant, tipping tomatoes and running the Evaporator. Finished up at Ardmona for 40 years, 4 children, 7 grand kids and 4 great-grandchildren, married for 55 years. Joined the GV WW in 1999.

PROFILES

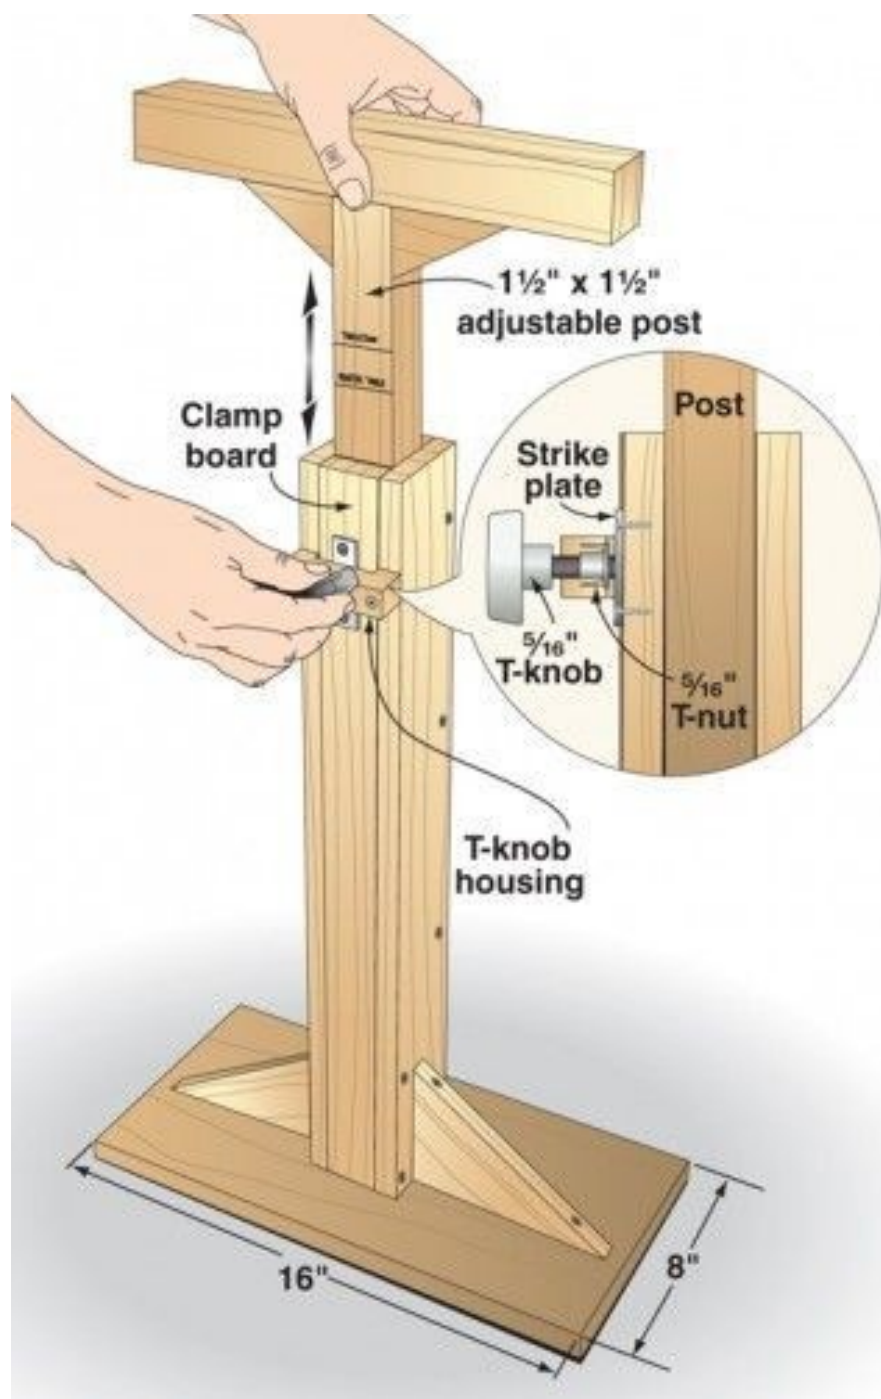

I am hoping that I can get a profile of each of the members and use them in the news letter, one a month. The ideal size would be an A5 page.

Use the examples above but give a little more detail. Even a small head and shoulders photo would help the new members to know who the member profile is.

Please give it a lot of thought and put a profile together and send it in, it probably won't be printed in the news letter immediately as I will be printing only one a month.

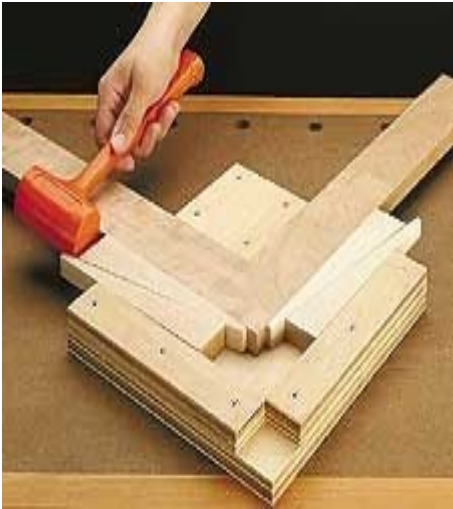

Maybe the committee will go first.

Ideas for jigs in the work-

RIGHT-ANGLE CLAMPING JIG
Here's a little helper that you can make in about two minutes. It's like a third hand for holding cabinet parts together for assembly, or for clamping miter joints.

An Unremarkable Model

This is my finished Stubby Carrier. Along with my two breadboards they are quite unremarkable in comparison with some of the masterpeices being produced by our more skilled members. However, they are worthy of comments for two very important reasons. Firstly, from my point of view they are personal bests. I never thought I would be able to make something of this standard. Secondly, although made with my own two hands, it is the product of numerous wise heads.
